

Photography and Video Informed Consent

Reverza Aesthetic Medicine is pleased to have participated in your care. We take photos for documentation of medical condition. We also use photos to participate in social media outlets such as Facebook, Instagram, YouTube and for our website, etc. Through these venues, we share staff pictures, office updates, and helpful information updates that may benefit our patients. We may also use photos for publication in books and medical journals. Name will be withheld if the purpose is other than for medical records.

I give my consent to allow Dr. Asiro/Reverza Aesthetics to post updates or photographs of me on:

(Please initial one or more)

- Medical record for documentation
- Social media outlets (Facebook, Instagram, Youtube and the like)
- Online website
- Books and medical journals

Comments:

- full face okay
- eyes and identifying marks covered
